■ North Face Westwind 2-person expedition tent. Bombproof. 5 years old, 3 expeditions. \$200 (\$375 new)
Dave 338-0554

MINUTES

JANUARY MEETING

The meeting was called to order at about 8 pm. Approximately 10 new members or visitors introduced themselves.

TREASURER'S REPORT

Kirk Towner presented and discussed the 1999 budget. Several questions were asked and answered. The membership then passed the 1999 budget.

COMMITTEE REPORTS

Hiking and Climbing

Several recent trips were described including the winter camping trip and Mt. Magnificent climb in Eagle River. A list of upcoming trips was published in the January Scree. Chairperson **Wendy Sanem** reviewed the list of trips and various trip leaders described the trip. Signup sheets were available for the upcoming trips. See Wendy if you need to borrow an avalanche beacon.

Huts

Chairperson **Mark Miraglia** requested than any members heading to MCA huts contact him regarding maintenance.

Geographic Names

Chairperson **Tom Choate** announced that the committee is currently working on the Girdwood-Portage section. Anyone with information regarding peak names in this area should contact Tom before the heli-ski gang names them all.

Parks Advisory

Chairperson **Scott Bailey** recommended that members review the Anchorage Master Plan before they put an access road through your favorite recreation area. Scott recommended that members (particularly Eagle River residents) voice concern about the proposed snowmachine trail from Anchorage to Eagle River. With no place to go further north, this may mean further traffic in Eagle River valley. Currently snow machines are allowed only as far as Icicle drainage, but many snowmachiners are disregarding this regulation. **Tom Choate** strongly recommended that members contact the delegation to voice opposition to snowmachines in Denali National Park. Snowmachining is not an historic use of the park.

OLD BUSINESS

Reminder that a permit from the Alaska Railroad Corpora-

tion is required for ice climbing at **Candyland**. Obtaining the permit is quick and painless. Go to the front desk and the receptionist will direct you to the right person. Say hello to member Elena Hinds who works there.

NEW BUSINESS

Thanks to Gary Runa for leading multiple **training classes** for the club. The upcoming class on expedition mountaineering was discussed.

There is rumored to be a **spring club trip** in the works to the Scandinavian Peaks area. This may include an ascent of Mt. Marcus Baker from the north. Contact Richard and Wendy for details.

Dave Hart announced some gear for sale. He also mentioned that the Mountain House **food order** is due in early February.

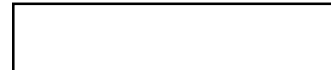

ANNOUNCEMENTS

It looks like **park fees** may increase since minimum wage went up.

The UAA **massage** school is offering free massages; see Michele Potkin.

Free CPR class from American Red Cross; Feb 6.

Respectfully Submitted,
Cory Hinds

BOARD MEETING

1/19/99 (Borders)

Seven officers and board members attended the meeting.
The following were discussed:

1999 budget

- Add money for hotline for club trips. Members will be able to call the hotline to find out what trips are happening. An option for members to announce a trip will be investigated. Kirk will add this to the budget.
- The board approved the addition for this hotline unanimously.
- Membership will vote on this during old business.

Huts

- Eklutna Cabin project; waiting to finalize drawings.
- Potential hut site in Hunter Creek. Mark will meet with Debbie Fullenwider of Eklutna Inc. to discuss land issues.
- Plan to generate laminated sheets of huts rules for inside doors.

Road Signs

- Road signs for climbing on the highway. Mark planning to follow up with Spenard Builders Supply and possible grant from REL.

Trips

Trip planning: beacon training, lightweight expeditions (Charlie Sassara), Echo Bend Ice Climbing.

Respectfully Submitted,
Cory Hinds
