December Meeting

wednesday, December 20th at 8:00 PM, in the Pioneer School house, Third and Eagle, Anchorage, Alaska. On the program for this meeting will be Gene Morning presenting a slide show on his recent hiking trip in Devils Canyon on the Susitna River. This is the area where the hydro electric dam is proposed. A brief discussion and slide program will also be presented explaining how to recognize potentially dangerous avalanche conditions.

Surprise Climber!

During the first week of January, a climber who's name we would all recognize who has climbed extensively in the Alaska Range, Patagonia, Nepal, and elsewhere will be in Anchorage. Craig Wenkert is currently trying to arrange a special get together so that we may see his pictures and hear his climbing stories. Craig will have the final details at the December meeting.

RESIGNATIONS

Ken Blue has resigned as Scree editor due to schedule changes. A new editor and typist are needed as soon as possible.

Emily McIntosh after about two years of publishing the Scree would like someone else to have the privilege. This job needs to be filled before the February issue. Thanks
